

Cranes and Slings Classroom Preparation

BLR's Safety Training Presentations

OSHA's Crane and Sling Requirements

Have you reviewed the OSHA Crane & Sling requirements (www.osha.gov) located in 29 CFR 1910.179 and 184?

Preparing Handouts and Training Props:

- ☐ Print out and make copies of the Crane and Sling Quiz.
- ☐ Bring copies of your company's Crane Use and Inspection Program if you have developed one. This might contain information such as crane use procedures, rigging procedures, equipment inspection procedures, etc.
- ☐ Bring copies of your company's crane and sling inspection logs.
- ☐ Bring hooks with proper safety clips, without the clips, and hooks that might have been bent or twisted.
- ☐ Bring slings used in your facility. Also bring in slings that might have been damaged to help teach sling inspections.
